

Rethink where you work

What is NearDesk?

alium AGILE RESOURCING

»NearDesk

) 06 3776 8945

Alium Partners have joined forces with NearDesk to provide flexible, professional working space to our executive community. NearDesk is a card that lets users rent space by the hour at a 150+ locations around the UK. Touch-in, touch-out and only pay for the time used.

Why should I get one?

Work more productively:

- Access to a growing network of flexible working spaces across the LIK
- Rent desk space by the minute and only pay for time used
- An alternative to a coffee shop or home a shorter commute to a more productive environment – or handy drop-in when you're on the road

No hassle:

- Easy online sign up and billing system
- Free social software lets users connect within venues

How do I get one?

- Visit http://neard.es/aliumfriend and get a get a free card
 (normally £20+VAT) and we'll stick £10 credit on it to get you
 started
- Then head to your nearest location and try it out find them all here: http://neardesk.com/

Why #rethinkwhereyouwork?

Do you know when people are the least happy in their life? When they're commuting. Travelling 8.5 hours per week on AVERAGE in the UK. In effect, we spend Friday travelling.

NearDesk is like an Oyster card for renting desk space and meeting rooms by the hour - we're on a mission to let people work anywhere. A million people working near home one day per week. We could all commute less - leaving time for things that really matter. We could have communities we live in not just sleep in. We could massively reduce the carbon we use (52% of all O2s Carbon is people getting to their

normal place of work each day). And companies could spend less on desks, leaving more money for attracting and retaining talent.
